To whom it may concern

This letter is to confirm that this company has been using TRUKADEMY for all its driver needs. We have been doing that for good part of 5 years.

The drivers that are hired through TRUKADEMY are courteous, safe, well trained and good professionals. It is evident that TRUKADEMY is providing high quality training and producing well trained drivers.

We use TRUKADEMY for our remedial training as well and found them very effective.

We wish them all the best and hope they keep doing the good work for the industry.

Sincerely,

Nasir Awan
